Teaching and working methods	The course is based on lectures, but will also encompass other forms of teaching and work, including group work, exercises, student presentations, peer feedback and field trips, as well as other practical activities.
Form of examination	Individual oral examination on the basis of the syllabus. The oral examination has a total duration of 60 minutes, divided between 30 minutes of preparation time (including time to draw a question) and

approximately 30 minutes for the oral examination, including assessment. The course teacher sets 8-15 examination questions which in sum cover the syllabus. The student draws two random questions at the start of the examination. These two questions form the starting-point for the examination, in which the student, after preparation time, presents and discusses the questions on the basis of the syllabus.

In the examination, questions may be asked relating to any part of the entire course syllabus. All examination aids are permitted in the preparation room. In the examination room, only notes written during the preparation time are permitted. The course teacher may however permit particular examination aids to be present in the examination room, such as prepared hand-outs or the like.

Form of re-examination	Re-examination takes the same form as the ordinary examination		
Examination type	Group examination		
Exam aids	All (cf. above)		
Assessment	7-point grading scale		
Moderation	Internal (i.e. course lecturer and an internal examiner assess)
