

Study and Semester start - Computer Science & Informatics

About the course

subject	Datalogi / Informatik
Content	Welcome to Computer Science and Informatics semester start. We have semester start for both the bachelor subject module and for the master students in the first week. The initial week is essential for a good start at Computer Science and Informatics. All formal information will be given and you will also initiate your group project work in this week. The initial week is essential for a good start at Computer Science and Informatics. All formal information will be given and you will also initiate your group project work in this week. Important dates: 31/8: Semesterstart, project formation, and presentations of useful graduate programmes. 2/9: Mandatory course and project formation. 3/9: Digitalisation Camp and project formation: collaborate with industrial partners, or get a student job! 6/9: Project formation deadline for 3rd semester students.
