## About the course

subject	Datalogi / Informatik
activitytype	master course
Teaching language	English
Registration	<p>Tilmelding sker via <a href="#">STADS-Selvbetjening</a> indenfor annonceret tilmeldingsperiode, som du kan se på <a href="#">Studieadministrationens hjemmeside</a></p> <p>Når du tilmelder dig kurset, skal du være opmærksom på, om der er sammenfald i tidspunktet for kursusafholdelse og eksamen med andre kurser, du har valgt. Uddannelsesplanlægningen tager udgangspunkt i, at det er muligt at gennemføre et anbefalet studieforløb uden overlap. Men omkring valgfrie elementer og studieplaner som går ud over de anbefalede studieforløb, kan der forekomme overlap, alt efter hvilke kurser du vælger.</p> <p>Registration through <a href="#">STADS-Selvbetjening</a> within the announced registration period, as you can see on the <a href="#">Studyadministration homepage</a>.</p> <p>When registering for courses, please be aware of the potential conflicts between courses or exam dates on courses. The planning of course activities at Roskilde University is based on the recommended study programs which do not overlap. However, if you choose optional courses and/or study plans that goes beyond the recommended study programs, an overlap of lectures or exam dates may occur depending on which courses you choose.</p>
Detailed description of content	<p>The aim of the course is to provide you with knowledge about the classic areas within the project management field, as well as tools and techniques used within the various areas. This includes, organisation and staffing of projects, management of the project team and stakeholder management, management of cost and benefits, communication management, risk management, requirements, project management models, estimation and planning, progress management and follow up, and quality management.</p>
Expected work effort (ECTS-declaration)	<p>The course will have a total workload of 135 hours with 40 hours of lectures and exercises, 70 hours of preparation over an 11 week course period and 25 hours for the exam and preparation before the course.</p>
Course material and Reading list	<p>Main book: Kousholt, Bjarne: "Project Management - Theory and practice", 3rd edition (2020). Akademisk. Former editions can also be used.</p>
Evaluation- and feedback forms	<p>There will be continual collection of feedback about the course throughout the semester, along with a final formal evaluation at the end of the course. In addition, the students will be offered continual individual feedback to the various assignments given throughout the semester.</p>
