Global and Development Studies

Indhold

Starting with the Introductory Days on Campus 1st - 2nd February 2023, we are looking forward to see you at Global and Development Studies!

During the Introductory Days you will hear more about the structure and content of your degree program, attend academic presentations and social events, meet researchers and get to know your fellow students.

For your convenience, be aware that the room numbers read as follows: E.g. 07.2-033 = Building 7, 2. Floor, Room 33

If you are a new student at Roskilde University or just need some assistance in navigating the buildings and rooms of campus, you can find a map <u>here</u>.

Be aware not to confuse the Introductory Days with the Foundation Course, which is an intro period specifically tailored to international students to help you getting settled in Denmark and be introduced to the learning principles of Roskilde University. We strongly encourage you to participate in both programmes as they focus on different and equally important aspects of your introduction to Roskilde University to ensure your best study start. You can read more about the Foundation Course and sign up here.

In addition you are invited to attend a talk by the Study and Career Guidance Team on project mangement tools. The talk is open for everyone, however, it is specifically important for new students at RUC. It takes place on Tuesday 28th February.

The program for the 3 days is as follows:
